

# METRO

**METRO Routes 2 & 4 and Bus Stops along these routes MAY be impacted as part of the Transit West Project Expansion.**

Transit West Expansion

*New and improved service, scheduled to launch August 2018, will expand METRO bus service to the Town of Gorham; connect USM Portland and Gorham campuses; and improve public transit in Westbrook and Portland.*

## **METRO Route 4 proposed changes in Westbrook:**

- Remove segments north of downtown Westbrook on Cumberland, Bridge, Myrtle, and Brown Streets. (The Blue Line will be renamed and replace Route 4 service in these areas).
- Increase frequency (more hourly trips) south of downtown Westbrook on Mechanic St. and to IDEXX.
- Expand Route 4 to serve the Hamlet mobile home park, on Saco Street, south of IDEXX.
- No bus service into Hannaford Plaza; replaced with a stop along William Clarke Drive.
- No service on Saco Street, between Prospect Street and Quimby Ave, and Westbrook Pointe Apartments (use Mechanic Street in both directions).

## **METRO Route 2 proposed change:**

- Reducing frequency from every 30 to 60 minutes between Forest/Riverside (Hannaford) and Pride's Corner (reducing frequency of service on East Bridge, Austin and Pride Streets).

**NEW - "Blue Line" route between Westbrook and Maine Mall area of South Portland.**

**NEW - "Husky Line" route between Portland, Westbrook, Gorham, and USM campuses.**
