

Step-by-Step Instructions

Begin by Opening the Frame with Loops on Top

The 80% recycled content, 3/8" thick steel frame literally sets up in seconds.

Center the Bag on the Frame

Open bag, place in center and line up the printing before locking it to the frame.

How to Lock the Bag to the Frame

PULL THROUGH

Work from inside to outside. Using two hands pull top edge of bag through the loop toward you approximately 6".

PUSH OVER

Still using two hands, push the top edge of the bag over the loop approximately 6", catching the corners.

TIGHTEN

Now, grasp both sides of the bag. Pull down and in to tighten bag around the corners. **Repeat on the other side.**

Notice how the Bag Locks Over Loops

Finally... Snap the Lid to the Frame

The lid has four hidden clips which snap securely to the frame. **You're Ready!**

Important!

Recyclables must be removed from the plastic bags for disposal. Simply dump the bag the container and dispose of the bag as trash.

Disposing of Your Collected Recyclables: Collected recyclables may be added to your curbside recycling if you have room in your bin or delivered to one of the following facilities.
